G. O. P. AGAINST REDUCTION OF STATE TAX RATE.

House Democrats put the Republican majority squarely on record as opposed to reducing the State tax rate Tuesday afternoon and took advantage of the occasion they had made to drive home the point with a quotation from the Republican State platform.

The occasion was created by a minority report in favor of giving its first reading to the Thompson bill to reduce the tax rate on real estate from 40 to 20 cents, on which the majority of the Committee on Revenue and Taxation acted unfavorably. Representative J. H. Thompson, of Bourbon, its author, and Representatives Swope, Humphrey, Harding and Wheeler are members of the committee and made it necessary to report it, instead of allowing it to die in committee.

Thompson moved to substitute the minority for the majority opinion and delivered a 45-minute speech in favor of his motion.

The minority report was voted down 45 to 25, with much explaining of votes. Representative Lawrence, Republican, voted for it, declaring that Republican speakers during the campaign had promised it.

Another Thompson bill to assess intangible property 30 cents and bank deposits 10 cents for local school purposes, was killed on the majority report of the same committee, but no roll call was demanded.

TO ADDRESS HARRISON COUNTY LEGION POST.

Memorial service will be held in Cynthiana next Sunday afternoon by the Stephen B. Whalen Post of the American Legion, for all the Harrison county men who died in world-war. An appropriate program of music and addresses has been prepared for the occasion. Rev. W. E. Ellis, pastor of the Paris Christian church, will be one of the speakers.

THE HOSPITAL FUND

The \$20,000 campaign for the Massie Memorial Hospital is progressing nicely, with the total now approaching \$14,000. The balance will be raised in a short time, in the opinion of those in charge, who say they are now more determined than ever to put the campaign over to the limit, and perhaps more.

There will be a meeting tomorrow night at 7:30 o'clock in the Peoples-Deposit Bank of the campaign managers and the soliciting committee, when reports of progress made will be heard and the workers given additional instructions. All solicitors who will be unable to attend this meeting are requested to report to Jos. W. Davis.

In spite of the many campaigns and drives which the Bourbon county people have been called upon to contribute to the response to this campaign has been very generous. The people feel they are helping a home institution, one that has been of vast benefit to Paris. If you have not made your subscription to the fund, see one of the solicitors and get on the "honor roll" at once.

Four new nurses have been added to the staff at the Hospital. Two more arrived Wednesday, and the institution is now prepared to take care of new cases up to the capacity limit. Miss Graves, professional nurse, is in temporary charge of the hospital, during the absence of Miss Stephenson, Superintendent, who is in Caswell, Va., where her sister is critically ill of pneumonia.

BASKET BALL GAMES.

The boys' and girls' teams of the Maysville High School and the Paris High School will meet on the Y. M. C. A. gymnasium floor, in this city, at 7:30 o'clock to-night, Friday, February 20, in a struggle for honors. These teams have met on previous occasions, and proved themselves worthy. The game to-night is expected to be one of the hair-raising kind, and a large crowd is expected to witness the play. Paris has been going strong, and hopes to take the measures of the players from the river town.

The team from the Russell High School, colored, of Lexington, played the team from the Western High School, in this city, last night, but THE NEWS went to press too early to learn the result.

Joseph Reffett, of near Paris, purchased through the Paris Realty Company, at a private price, the frame cottage at the corner of Clifton Avenue and Twentieth street, belonging to Edward Stump. Mr. Reffett will move to the property about March 1.

Mr. and Mrs. Jack Wilson purchased of John Duvall, conductor on the city car of the Interurban service, his cottage located on North Clifton avenue, for \$2,500. Possession will be given March 1. Mr. Duvall bought the home some time ago from Mrs. William Tarr.

A Harrison county buyer recently purchased of James Willmott's farm of 147 acres, located on the Bryan Station pike, near Hutchison, for \$320 an acre. The purchaser will be given possession March 1, when Mr. Willmott will move to Lexington to reside.

Through the Johnson & Lee real estate agency, of Cynthiana, H. C. Clifford, of Jacksonville, sold to Geo. Withers, forty acres of land near Jacksonville, for \$12,000. They also sold to J. H. Ewalt, for Wallace Embury, the Parrish homestead, on the Oddville pike, near Cynthiana, for about \$4,000.

The firm of Harris & Speakes, of Paris, George D. Speakes acting as auctioneer, conducted the public sale Tuesday afternoon of the handsome home of Mr. J. H. Collier, in Millersburg. The sale drew a large attendance and the bidding was spirited. The home was purchased for \$7,270 by James Martin, of Millersburg. The sale was advertised in several issues of THE NEWS.

On Wednesday the firm of Harris & Speakes sold for Mrs. Lelia Dillon, her house and lot located on Ferguson street, to Grant Owsley, for \$1,900. The home will be occupied after March 1 by Mr. and Mrs. John R. Owens and Mr. and Mrs. Jack Owsley. On the same day they conducted the public renting in front of the court house door of Mrs. Emma Isgrigs Jacoby's farm of six or seven acres, located near Paris. The farm was rented to Wm. Breeze, of near Paris, for \$33.50 an acre.

DEATH INCORRECTLY REPORTED.

Through misinformation the papers of Paris, as well as the daily papers of last week, published an item noting the death of a twelve-year-old daughter of Mr. and Mrs. Jos. A. Smith, of near Paris. Later developments disclosed the fact that her death, like that of Mark Twain, was "greatly exaggerated." The child was reported seriously ill, following the death of her two brothers from influenza, but rallied, and is now improving. At one time the entire family, with the exception of the father, lay seriously ill of pneumonia, and their recovery was despaired of, but they are now better.

THE J. T. HINTON CO.

PASTOR IS "SHOWED."

The women of the Church of the Annunciation, in this city, gave a miscellaneous "shower" at the rectory, Tuesday afternoon, in honor of Rev. Father Thos. J. Coleman, who has recently assumed the pastorate of the church. The affair was heartily enjoyed by all those present.

During a delightful social hour refreshments of coffee and sandwiches were served. The "shower" brought down a large lot of useful articles—sheets, pillow cases, towels, table linen, napery, dresser scarfs, aluminum ware, etc., besides a purse containing a sum of money.

Though Father Coleman has been in Paris but a short time, he has already become a favorite with the members of his congregation.

A DESPERATE SITUATION.

The Daily Register is unable to print more than four pages to-day for the simple reason that it cannot obtain 6 or 8-page paper rolls. It may be able to print eight pages tomorrow by printing two four-page sections. The paper situation was never so desperate for the small country papers as to-day. Through the kindness of the Winchester Sun, which had a fairly good supply on hand, the Daily Register has been able for the past two weeks to print the larger sized paper. The Winchester paper let us have two rolls and that helped a lot.

Our Cincinnati paper supply house writes that it does not know when it will be able to get any of the larger sized rolls. And it says further that prices are advancing every day, and it will not be surprised to see news paper sell at 12 cents a pound very soon. Few country papers can pay such prices and live at present subscription and advertising rates. Revenue will have to be tremendously increased to meet the situation.

Just about one year ago we bought paper at four cents a pound and before the war, the usual price was about 2½ cents a pound. It takes about 300 pounds of paper for the Daily Register to print six-page paper one issue. That means at 10 cents a pound, the last price paid, a cost for white paper alone of \$30 a day, or about \$750 a month. We're not complaining, but feel that our loyal readers should know the situation that we and every country newspaper are facing. We're wiring every day all over the country to mills and dealers, trying to find some paper. Let's hope we can find it and at a price that will let the Daily Register live at present rates.—Richmond Register.

Notice To Patrons of The News. Owing to the high cost of paper and other increased costs of producing a newspaper, THE BOURBON NEWS will be forced in the future to increase the price of advertising to those who have not already been raised on a six-months' contracts. We are compelled to advance the price to these customers 50 per cent. This will apply only to those who have not already been notified and raised and to apply to those who have regular six months' contracts. This advance will start with the issue of March 2, 1920.

MEXICANS INVADE PARIS ON PEACEFUL MISSION

Attired in the conventional Mexican costume, straw sombreros, felt boots and overcoats, and smoking the regulation Mexican corn-shuck cigarettes, thirty-one Mexicans arrived in this city Tuesday afternoon, on a peaceful mission.

The men were in care of an interpreter. They had been imported here from Laredo, Texas, to work as laborers on the Xalapa Farm of Edward Simms, by the contracting firm of Mason & Hanger, who have a large amount of construction work under way there. They were recruited for the work through the agency of an employment bureau in Laredo. The party made the trip from Laredo to Paris in charge of a ranchman who had a good working knowledge of Mexican, Spanish and English. Most of the party carried their wardrobe wrapped about them, while others had their personal effects wrapped in bundles.

Arriving here the men were placed in seven big trucks from the S. R. Hudnall Taxi Company, and transported to the Xalapa Farm, where they will be put to work on the Mason & Hanger contracts. They will probably remain there a year. Improvements being made on the farm consist of a big dam across Stoner creek, to obtain a small lake for the estate, a light, power and ice plant, and erecting brick buildings at various locations on the 1,200-acre farm.

While waiting for the trucks a Paris man who thinks he knows something of Spanish, approached the men, and saluted them with the query: "Buenos dias, senor. Como esta Ud?" The man addressed started at the questioner, and replied, "Say, cully, I guess you're using de wrong kind of gab. Down where I came from we speak Mexican, Texicon and American." He left then.

FICKLEN BUILDING TO BE RAZED; HOTEL PROBABLE.

With the razing of the old Ficklen building on Main street, in this city, which will begin next Monday, one of the oldest buildings, and a landmark for years, will disappear from the business section. The building was condemned some time ago by the Fire Marshal of the State, and ordered torn down. A portion of the rear end was torn out some time ago. The work will proceed with a large force of workmen as rapidly as the weather and circumstances will permit. It has been rumored for some time that the owner, Mr. Edward Simms, will erect a large modern hotel on the site of the old structure, also that the building would be converted into a business house, to be used by the A. F. Wheeler Furniture Co., who occupy the adjoining building. At any rate, a new modern house will replace the old landmark.

The history of the old building dates back to 1796, when Paris was a mere village, and was used for a time as a place of entertainment, as evidenced by publication in an old Western Citizen of that time. In the opinion of many it was erected at an earlier date. For many years it was the home of the late William Ficklen, one of the characters of Paris in his day, and as such was an "Old Curiosity Shop," in many respects, being filled with many old relics and articles of the long ago, which Mr. Ficklen kept about him as souvenirs.

Most of the material to be taken from the old building will be used by Mr. Simms in the construction of small buildings on his Xalapa Farm, near Paris. The old stone floors in the place will be used in the construction of fencing, while the woodwork will also be utilized. While no word has come from Mr. Simms as to what kind of building will be erected on the site, the people of Paris are in hopes that the final proposition will be the one finally decided on, as it would give the city a modern, up-to-date hostelry, something badly needed here.

Had the Right Idea.

Under Cyrus the Persians had excellent sanitary ideas, derived from the Egyptians. In talking with his father Cyrus received good advice, to the effect that while physicians could cure sickness in the army, the better course would be not to permit the army to get sick at all. Here was the voicing of prevention more than five centuries before Christ.

PRESIDENT'S "MEMORANDUM" AN OFFICIAL WARNING.

WASHINGTON, February 19.—President Wilson's "memorandum" to the Allies, it now develops, was something more than a threat. It was a formal and official warning that if the Allies went ahead, without the consent of the United States, with their plans for settlement of the Fiume controversy, the President might have to consider withdrawing the Versailles treaty from the Senate. In other words the United States might withdraw from the treaty altogether and refuse to be bound by any of its provisions.

This statement was made officially here yesterday with the further statement that the American position was outlined not in the nature of a threat, but as a statement of a situation created "not by an act of the American government but by an act of the British, French and Italian premiers" which would place the United States in the position, if it were a party to the treaty of Versailles, subscribing through the pact to rights of sovereignty and other agreements to which it was opposed.

The treaty of Versailles and the Anglo-France-American pact are considered inseparable, so far as the question is concerned, and if President Wilson should determine to withdraw the treaty of Versailles, it would mean that the American-French pact would be withdrawn at the same time, it was explained.

It was reiterated that on December 9, before Acting Secretary Polk left Paris the American, British and French representatives had agreed upon a settlement of the Adriatic question and it was charged that subsequently, without consulting the United States, the Allied premiers sitting at Paris adopted a new agreement which was transmitted to Ambassador Wallace for the approval of the American government.

Would Have Changed History.

One would have said that the most momentous event of 1783 was the fall of the Bastille. Yet, on a summer day of the same year a young artillery officer, bathing in the Saone river, was seized with cramps and nearly drowned. If he had drowned, Napoleon Bonaparte would never have added a single line to the history of Europe.

Who Leads the Crickets?

An individual cricket chirps with no great regularity when it is by itself, and its chirping is intermittent, especially in the daytime. At night, however, when great numbers of crickets are chirping, the regularity is astonishing; one hears all the crickets in a field chirping synchronously, keeping time as if led by the wand of a conductor.

DOCTOR GETS BACK HEALTH

Says Every Weakened, Run Down Person Should Take Vola-Tonic

A statement about Vola-Tonic given by Dr. Jules Townley McLean, chiropractor, 2823 Erie avenue, Hyde Park, Cincinnati, O., absolutely proves the powers of the "Builder of Strength."

Dr. McLean highly recommends Vola-Tonic to every weakened, run-down man or woman.

"My system was in a severely weakened condition for two years," Dr. McLean said. "This condition was due to my stomach. I was badly troubled with indigestion and constipation."

"I started reading about Vola-Tonic and became so interested that I got a bottle and started taking it."

"From what Vola-Tonic did in my case I can say that I can highly recommend the medicine. In fact, I don't think I could recommend Vola-Tonic too highly to any man or woman suffering from stomach troubles or a general run-down condition."

"Vola-Tonic helped my digestion from the start and also relieved the constipation. It improved my health all over so much that I expect to be able to resume my practice shortly, which I had to give up two years ago because of poor health."

Dr. McLean's statement is the best possible proof that Vola-Tonic is the medicine for YOU to take if YOU are feeling weak and run down. Get a bottle—TODAY!

In the Winter-Time

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wise one is he who adopts proper measures before his illness becomes serious. During a hard winter or the following spring one feels run-down, tired out, weak and nervous. Probably you have suffered from colds or influenza which has left you thin, weak and pale. This is the time to put your system in order.

A good, old-fashioned alterative and purgative is one made of wild roots and herbs without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form.

Covington, Ky.—"I have taken Dr. Pierce's Golden Medical Discovery and consider it one of the best medicines I have ever taken for the blood and as a tonic to build one up when run-down or for liver troubles of any sort. It is also good to take as a spring medicine. Dr. Pierce's Pleasant Pellets, too, are a fine purgative medicine; they cleanse and purify the system in a very mild way. I can highly recommend these medicines of Dr. Pierce's."—JOHN R. LOUGHERY, 603 E. 16th St.

Louisville, Ky.—"For years I have had disordered blood, which has caused me to break out in sores on my face and limbs. I have used many medicines recommended to purify the blood but none gave me the prompt results that I have obtained while taking Dr. Pierce's Golden Medical Discovery, and I take the greatest of pleasure in recommending this splendid blood purifier to all persons afflicted as I have been all my life. This 'Discovery' is not only cleansing to the blood but it tones up the whole system, too."—MRS. MAGGIE DUPIN, 323 N. Campbell St.

THE DOCTRINE OF GOOD WILL

In the Senate recently there was a sort of postmortem on the "Daylight Saving Law," and through statements that were introduced into the Congressional Record it is plain that the commonly repeated charges against the "lighting interests" that they were actually opposed to the daylight saving law, cannot be sustained. Senator Wm. M. Candler, of New York, stated that he had investigated and found no evidence to warrant the accusation that the gas companies of the country had been spreading propaganda among the farmers. More directly bearing upon the subject is the letter of Oscar H. Fogg, Secretary-Manager of the American Gas Association, to Senator Candler, in which he says that "the effect of daylight saving law upon gas companies has been so negligible as to be unworthy of consideration, and in several large situations which the writer personally examined, the difference in sale of gas, due to daylight saving, was so small that it could not even be definitely established."

Incident to this subject an electric light man at Denver has produced a classic that should be framed and hung in the office of every Mayor, on the walls of all City Council Chambers, and everywhere about the operating establishments of public utilities, since the sentence in a few words defines with absolute correctness the ideal relations that should exist in every locality. Says the Illuminating Board of Denver:

"An electric light company may lose a little temporary revenue, but the prosperity of any utility corporation is dependent upon the prosperity and good will of the community it serves, and it will benefit in the long run from any condition that helps the community."

WHY WOMEN SUFFER

Many Paris Women Are Learning the Cause.

Women often suffer, not knowing the cause.

Backache, headache, dizziness, nervousness, irregular urinary passages weaken, languor—Each a torture of itself.

Together hint at weakened kidneys. Strike at the root—get to the cause.

No other remedy more highly endorsed than Doan's Kidney Pills. Recommended by thousands—Endorsed at home.

Here's convincing testimony from a Paris citizen.

Mrs. J. W. Markland, 326 Eighth street, says: "Some few years ago I suffered severely with kidney complaint and sometimes was in a serious condition. I had a constant, dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else, always relieving me of the complaints."

Price 60c, at all dealers. Don't simply ask for a kidney remedy; get Doan's Kidney Pills—the same that Mrs. Markland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Taking Baby's Picture. For either the amateur home "snapshots" or when you take baby to a "real" photographer to have her picture taken, do not "dress her up" in her best clothes, or let her know that she is to pose for her portrait. Let her wear one of her "second best" white dresses, or even a play costume, and she will be more herself than if "all decked up" in her best finery, which is almost certain to give her a self-conscious look.—Exchange.

CHRONIC CONSTIPATION.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. INQUEST: ON VICTIMS OF LEXINGTON RIOTS.

LEXINGTON, KY., February 19.—An inquest into the deaths of six men, who were shot down last Monday when an attempt was made to take Will Lockett, negro slayer of ten-year-old Geneva Hardman, from Fayette Circuit Courtroom, where he was being tried for his crime, was conducted this week by Coroner John Anglin.

After hearing the testimony of 22 witnesses the jury, which was composed of Richard Arnsperger, foreman, Charles McCarthy, George Marrs, I. J. Mantle, Ray Hillenmeyer and Raymond Randolph, returned two verdicts.

One was that William H. Ethrington, John Thomas, John M. Rogers, of Versailles; L. M. King and James Massengale, of Lexington, died of gunshot wounds "fired by the state militia, under orders, and by other unidentified persons."

The other was that Benjamin F. Carrier, of Lexington, died of gunshot wounds "fired by unidentified persons, and the jury further finds that Carrier, from evidence adduced, was not identified in any manner with the riot and his death was purely accidental."

Witnesses were agreed that the firing did not begin until after a mob, variously estimated to have numbered from 20 to 100, had broken through police lines at the edge of the sidewalk, had pushed back the line of Deputy Sheriffs and was pressing upon militiamen guarding the courthouse entrance.

R. R. Early and J. H. Cook testified that they had seen County Judge Frank A. Bullock fire into the crowd from a window in his office.

Magistrate Edward Minor and Keene Daingerfield, Assistant County Attorney, testified that they were in the Circuit Court room all during the time of the firing; that Judge Bullock was in that room all of that time and did not depart until after the firing had ceased.

Magistrate W. S. Hunt testified that he was in the anteroom of Judge Bullock's office when the firing began; that there was a soldier stationed at the only window in the room; that he saw the soldier fire his rifle twice; that he walked into Judge Bullock's principal office, and when the firing had ceased he returned to the anteroom, attracted by the entrance of several persons, among whom was Judge Bullock.

H. L. Ramsey, Probation Officer, testified that he entered the anteroom to Judge Bullock's office immediately after the shooting and saw a soldier step back from the window and heard him say: "I got two. I tried to shoot them in the arms and do not think I hit either higher than the shoulder." Ramsey testified further that Judge Bullock did not come into his office until after the shooting.

Brigadier General F. C. Marshall departed Monday for Louisville with 350 men, leaving Lieutenant Colonel George W. Maddox, a native of Owenton, as Acting Military Governor of Fayette County until martial law is rescinded. Colonel Maddox retains 70 men.

NEW BILL PROVIDED FOR ROAD SYSTEM.

In a new bill which is to be presented at this session of the Legislature, providing for a complete system of good roads, for the State, fifty-six separate road projects, interlocking to form one great system, have been outlined. The new bill is declared to be without objections that have hitherto been urged against such measures.

In the bill the system provides for the following to pass through Bourbon county: No. 20—From Shelbyville to Ashland, via Lawrenceburg, Versailles, Lexington, Paris, Millersburg, Blue Lick Springs, Mayslick, Maysville, Ribolt, Vanceburg and Greenup. No. 21—From Newport to Paris, via Alexandria, Falmouth and Cynthiana. No. 22—From Richmond to Paris, via Winchester.

DO ALL MY HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly stand, says Mrs. Kwarcinski.

Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."

Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

BENEFIT OF RICHES

It must be self-evident that the profit of capital and the wages of labor must come out of what is produced. Idle capital is no more satisfying than idle labor. If the service of labor is needed to make capital produce, then it follows that the more capital there is in the world the more demand will exist for labor and the higher will be its wages in actual buying power. Thus the rich man has to be considered, whether or not as an economic benefit. He is rich because he consumes less than he acquires. His very desire to have wealth forces him to put out his surplus in productive enterprises and thus by increasing the productive capital increases the demand for labor.

YOUNGEST ENUMERATOR

Bourbon county may have the honor of claiming the youngest census enumerator. Miss Jennie D. Fisher, fifteen, daughter of James H. Fisher, of the Riddles Mills precinct, is perhaps the youngest census enumerator in Kentucky. On account of her age it was necessary to obtain a special ruling from the Director of the Census before she could commence work. Miss Fisher is a graduate of the Millersburg College, and has had charge of the census work in the Riddles Mills precinct. In speaking of her work, District Supervisor Jos. W. Morris of Lexington, said: "The work of my youngest enumerator was among the best turned into the Lexington office."

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

"LOBBY BUGS" DESTROY CONGRESSMAN'S BOOKS.

"Lobby bugs" invaded the austere pages of the Congressional Record while the House turned aside from debate on the deficiency appropriation bill to discuss their ravages and take a few laughs on the side.

"They have ruined a large supply of stationery which I recently got and which is charged up against my stationery account," complained Representative Barbour, Republican, of California, while the House rocked with mirth. "They even have eaten the covers off my books."

"I have had the superintendent of the office building squirt a solution supposed to be bug juice three or four times around my office, and when he got through they seemed to be more numerous than when he started."

"They get fat on it," interposed Representative Juul, Republican, Illinois. Representative King, Republican, Illinois, interrupted that perhaps if there were anything "fit to eat" in the House office building restaurant, "the gentleman's books would not be disturbed by cockroaches."

DOLLARS AND CENTS

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

THE RETURN OF THE DEAD

In dispatching a new note to France insisting upon permission for the early return of America's soldier dead the State Department has the unqualified support not only of the fathers and mothers of the boys who died overseas, but of all citizens.

Much attention has been given to the publication of a poll of bereaved families which showed that of 74,770, there were 43,909, or sixty-nine per cent., who requested the return of bodies to the United States. These figures mean little. Were there only 4,000, 400 or four, who desire that their kin should be returned to them, their expression would be a mandate that the government could not deny. The justice of the demand for the return of the bodies of these heroes depends not upon the strength of members, but upon the prerogative of the individual. The body should be brought back of every soldier whose family expresses that desire, and the government is not merely justified in taking drastic measures to fulfill their will, but it is in duty bound to exert whatever pressure may be necessary to accomplish that purpose.

Doubtless when the French government is made to understand how deeply many American fathers and mothers feel upon this subject, there will be no further obstruction.

FOGGY?

If Bilious, Constipated or Headachy take "Cascarets."

To-morrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too. Cascarets work while you sleep. (adv)

PIANOS TO BALANCE

In certain sections of the South, where the negroes have made more money than they ever dreamed of, the dusky brethren see nothing but sunshine and roses. The rainy days which in former times, were ever in the preponderance, are so remote that they cannot even be suspected.

It is this view taken by so many of the negroes, that aids the man with luxuries and useless articles in disposing of them to the negroes for prices that yield enormous returns.

In one Arkansas district recently an industrious seller of pianos visited the negroes and placed instruments in homes that had never heard a piano before the war. And so clever was the salesman, that, having sold one without exhausting his persuasive powers, he talked up the scheme and sold another, in order that, he said, "the room would be properly balanced by having an instrument on each side."

Another was selling talking machines. He not only sold one to the

head of the house, but persuaded the negro that each member of the family ought to have a machine of his own.

The purchases of War Savings Stamps in such families as are men-

tioned here are as a rule small. But if the negroes now would lay up their surplus and invest in Treasury Savings Certificates they would have something that would help toward permanent prosperity.

RACE TRACK TAX PROBABLE IN KENTUCKY.

That the race tracks in this State will become one of the most prolific sources of revenue to the State seems certain. They will take the place of liquor as a revenue producer if the plans of the leaders of the present session of this Legislature are carried out.

The plan is to raise \$500,000 annually from the race tracks.

There are two reasons for this heavy tax. The first is that it may deter the radical anti-race track legislator from endeavoring to eliminate them; and second is, the State needs the money.

The bill to produce this large sum of money will have the backing of the administration.

NASHVILLE WOMAN MAKES STATEMENT

Mrs. Binkley Gained 22 Pounds Taking Tanlac—18 Years of Suffering Ended.

"I gained twenty-two pounds by taking Tanlac and am a well woman to-day," said Mrs. J. W. Binkley, of 5104 Illinois Avenue, West Nashville, Tenn.

"I suffered terribly the past eighteen years," she continued, "and my stomach was in such an awful condition that I had to live on the lightest kind of diet. Even milk would disagree with me and form gas that would keep me in misery for hours. I had little strength left, and although I tried the best of medicines and treatments I just kept going down hill and suffering agonies till at last I was told my only hope lay in an operation."

"A friend of my husband's persuaded him to get me some Tanlac, and it has not only saved me from an operation, but I have gained in every way. I can eat anything I want without suffering afterwards and am feeling just fine. I shall always praise Tanlac for restoring my health and wish everybody knew about this wonderful medicine."

Tanlac is sold in Paris by G. S. Varden & Son. (adv)

ARE WE BECOMING NATION OF HYPOCRITES?

With the Supreme Court's decision upholding the constitutionality of the Volstead prohibition enforcement act passed the last hope of those who had dreamed of again partaking of "beer, wine or other intoxicating liquors" in places other than their own homes of in the homes of friends. The decision was six to three. We agree with Justice McReynolds, who said that the Eighteenth Amendment had not yet come into effect and that the Federal Government had no general power to prohibit the manufacture and sale of liquor, and that the war emergency under which national prohibition was made effective had passed. However, we also believe in the finality of the Supreme Court and the legality of the procedure by which the Eighteenth Amendment was accomplished. We do not believe that absolute prohibition was justified or that it represented the majority opinion.

But that is not the issue that is now involved. We have prohibition and that prohibition is legal according to the highest Court in the land. Now let us see what the result will be. The horrors of wood alcohol have been impressed upon the country. Now the question will be whether we are to become a nation of hypocrites and continue to take

nips on the sly or whether the nation will submit. Tolerance of bootlegging will soon be worn out and the country will then take a stand—either for reasonably lenient prohibition or for a stringent enforcement.

Catarrh being greatly influenced by constitutional treatment. —The many friends of Mrs. Matie B. Hawes, of Covington, will regret to learn that she has recently been ill and hopes to be out of the hospital in a few weeks.

—The home of Mr. J. H. Collier was sold at public sale Tuesday afternoon, by Harris & Speakes, of Paris, and was purchased by Mr. James Martin for \$7,270. The home of Mr. W. G. Sugg was also offered for sale, but was taken down, after being bid to \$5,000.

—Captain T. K. Smith, of the M. M. L., was made a Master Mason in Amity Lodge No. 40, F. & A. M., Tuesday evening. The work was done by W. M. Carlton Ball. Mr. Ball is perhaps the youngest Master in Kentucky, and the work done by him Tuesday night was indeed commendable.

—Millersburg is in the throes of a coal famine, a large number of our citizens, being entirely out of coal. There have been only three car loads of coal, sidetracked here in the last week. If the weather should turn cold, and relief does not come soon, there will be considerable suffering here.

—On Saturday afternoon, February 21, at 2:30 o'clock, Mrs. W. P. Carpenter, now residing in Lexington, will offer at public sale all her household and kitchen furniture. This will be a rare chance to secure handsome furniture, house furnishings and kitchen utensils. Attend the sale. George D. Speakes, Auctioneer.

—THE SICK—Rev. W. W. Morton, Milford Potts, William Miller, Jr., and Mrs. J. B. Gray, who have been confined to their homes, are able to be out again. Little Miss Katherine Jones is improving. In order to insure attendance of all the ministers of the State, the interchurch movement announces that railway fares will be borne by the movement.

—Rev. Father Thomas J. Coleman, pastor of the Church of the Annunciation, in this city, will deliver a sermon in St. Peter's Catholic church, in Lexington, on Tuesday, March 16, on the subject, "Respect For Authority." The address will be one of several to be delivered in that church during the Lenten season.

—Ash Wednesday ushered in Lent, and from now on the observance of Lenten vows will hold first place in the life of a large number of Paris people. The Catholic and Episcopal congregations especially will observe the season. Special Lenten services will be observed at these churches. Easter will fall this year on Sunday, April 4.

—The second quarterly meeting of the year will be held Sunday at the Methodist church. The sacramental service will be observed in connection with the morning service. On account of having another engagement, Rev. C. L. Bohen, the Presiding Elder, will preach at the evening service only. The time of meeting for the Quarterly Conference will be announced later.

—Rev. W. E. Ellis will preach at morning service at the Christian church, Sunday, on the subject, "George Washington." With such an interesting subject and realizing Rev. Ellis' ability to preach, it is needless to say that the service will be an interesting one. You are most cordially invited to attend. There will be no evening services at the church, as Rev. Ellis will address the American Legion memorial meeting to be held in Cynthiana that night.

—The following resolutions were passed by the Men's Bible Class of the Christian Sunday School, at a meeting held last Sunday:

Whereas, The management of the Moving Picture Shows of our city have indicated their intention of operating the Picture Shows on Sunday, and we realizing this to be a violation of God's law and in strict opposition to our many Churches and Sunday Schools;

Therefore, Be It Resolved, By the Men's Bible Class in regular session by a unanimous vote. That we register our disapproval and protest against such violations of the Sabbath.

Be It Further Resolved, That a copy of this resolution be sent to the City Council for their consideration, asking their co-operation in stamping out such evils as Sunday Movies, etc., which have a tendency to degrade, rather than be an uplift to humanity in our midst.

H. L. BALDWIN,
President.

PRESBYTERIAN CHURCH.

—A Presbyterian progressive program is being launched by the Southern Presbyterian church. This movement aims at a marked advance in every department of the church life. The campaign in the local congregation of the church will be launched Sunday, Feb. 22, at the morning service. The subject is "A Whole Program For the Whole Church." Everyone interested in the welfare of the Presbyterian church is urged to be present and get in touch with this tremendous movement.

Sunday is the last day of the nation-wide "Father and Son Week." An effort to bring the men and the boys of the country closer together. The Sunday night service will be a "Father and Son" service. The boys are invited to bring their "dads." The fathers are invited to bring their sons. The subject is "Your Son and You."

Hours of service: Sunday School, 9:30 a. m.; Christian Endeavor, 6:30 p. m.; preaching 11:00 a. m. and 7:15 p. m. Sermons by the pastor, Rev. T. S. Smylie. Special music by the quartette, Mrs. Macie Fithian, Miss Flora Hill, Mr. Robert Harbeson and Mr. Charlie Mitchell.

TO-DAY NATIONWIDE DAY OF PRAYER.

The Federation of Women's Mission Boards has asked that the women of all churches unite in observing the first Friday of the Lenten season as a nation-wide day of prayer. No program has been arranged, but the parlors of the Christian church will be open this afternoon between the hours of 2:00 and 4:30, and all women are asked to come and spend a short time in silent prayer and private worship.

The Board has asked that prayer be offered for a Christian America: for a peace founded on the principles of Jesus Christ; for a spiritual church; for mission fields; for personal consecration of time and gifts, and that our young people may be trained to realize their responsibility to God and to humanity.

IT PAYS TO ADVERTISE

A small advertisement placed in THE NEWS is bound to produce results, and not be very long about it, either. A few days ago Miss Anne M. Talbott lost a valuable gold wrist watch. She advertised her loss in THE NEWS. The watch was returned to her, the finder stating that he had seen the advertisement in THE NEWS. Ben Houston lost a valuable bunch of keys. He also advertised in THE NEWS. The keys were returned to him. The ad in THE NEWS did it. It pays to advertise—in THE NEWS. Try it!
